

UMGC

COMMENCEMENT

2020

UNIVERSITY OF MARYLAND GLOBAL CAMPUS
2020 Winter Commencement

A Message from the Interim President of University of Maryland Global Campus

Dear UMGC Graduates,

Congratulations on reaching this important milestone on the path of lifelong learning!

Though we cannot celebrate with you in person, we are with you in spirit, and I speak for everyone at University of Maryland Global Campus when I say that it has been our honor to help you in the pursuit of your goals and your dreams.

Today, *you* represent *our* greatest achievement, and we are proud to recognize and celebrate your success.

I am also honored to offer a special salute to our active-duty servicemembers and veterans of the U.S. military who are graduating, along with the many medical personnel and first responders on the front lines of our current public health crisis. Your service to our country has earned you the respect and admiration of a grateful nation, and we are so pleased that you selected UMGC as your university of choice.

We are deeply proud of all of you—proud of your achievements, proud of your growth and learning, and proud to welcome you to the ranks of UMGC alumni.

Together, we are more than a match for the challenges before us, united by the common goal of making the world a better, brighter place for ourselves, our loved ones, and for all.

Again, congratulations to you and to all who share this special achievement with you in person and in spirit.

Sincerely,

A handwritten signature in black ink, appearing to read "Lawrence E. Leak". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Lawrence E. Leak, PhD
Interim President
University of Maryland Global Campus

Winter 2020 Speaker

**THE HONORABLE
ANGELA
ALSOBROOKS**

COUNTY EXECUTIVE,
PRINCE GEORGE'S
COUNTY, MARYLAND

In November 2018, Angela Alsobrooks was elected as the eighth county executive for Prince George's County and the first woman to hold the position. Her administration is committed to providing a world-class education system, safe communities, and a robust economy that creates jobs and opportunities for all and increases the commercial tax base to ensure that residents are provided with the services they deserve.

During her first year in office, Alsobrooks led a government that increased education funding, allowing reductions in class size and support for almost 5,000 pre-K students. She submitted a budget that added personnel to agencies and upgraded technology across government to ensure efficient, effective service delivery to residents. She also created the Office of Veterans Affairs, the first of its kind in the state, to ensure that the county's 60,000 veterans receive the resources they deserve.

In 2010, Alsobrooks was elected to serve as the county's state's attorney, becoming the youngest person and the first woman to be elected to the office in Prince George's County. As the county's top law enforcement official, Alsobrooks played a key role in public safety and strove to carry out her responsibilities in a firm, fair, and consistent manner. She fought for additional resources to ensure that the office could appropriately support the needs of the community.

She created a truancy reduction initiative that works with schools to keep kids on the right path and also started a program called Back on Track—Prince George's, aimed at giving first-time, low-level, nonviolent felony drug dealers a second chance in the community. Under her leadership, prosecution rates rose across the board and remained steady during her tenure.

A lifelong resident of Prince George's County, Alsobrooks received her BA in Public Policy from Duke University and her JD from University of Maryland, Baltimore.

WINTER COMMENCEMENT 2020
Graduates and Candidates

Doctoral Graduates and Candidates

UMGC initiated its first doctoral program, the Doctor of Management (DM), in fall 2000 as a scholar-practitioner-based program designed for experienced professionals who are working full-time and want advanced scholarship and practical learning. A concentration in Community College Policy and Administration was introduced in 2009 for community college faculty and administrators who aspire to advance in administrative careers.

In 2019, the management focus of the doctoral program was changed to the Doctor of Business Administration (DBA) to better reflect current business practice and needs. Students concentrating in management within the community college setting continue to earn the DM.

Doctoral students in both programs focus on learning ways to integrate their real-world professional experiences into their scholarly work. The programs encompass applied research, expanding leadership within the field of management, the integration of organizational management issues, and the critical role of information technologies. Most UMGc graduates pursue careers within local, state, or federal government agencies; private businesses; higher education administration (especially in community colleges); and nonprofit organizations.

Dissertation Advisors: Jennifer Luddy, DM, and Lawrence Nespoli, DEd

Academic Honors

Academic honors for excellence in scholarship are determined from the cumulative grade point averages (GPA) of students who are pursuing a bachelor's degree and have completed 30 or more credits with University of Maryland Global Campus. Students may earn the distinctions of *cum laude*, *magna cum laude*, and *summa cum laude*, which signify graduation with honor, high honor, and highest honor, respectively. Sometimes called graduation honors, these traditional academic designations are awarded at the time a baccalaureate degree is conferred.

The distinction of *summa cum laude* is conferred on students with a cumulative GPA of 4.000, *magna cum laude* for a GPA of 3.901 to 3.999, and *cum laude* for a GPA of 3.800 to 3.900.

Students who have earned the honor of *summa cum laude* wear gold cords as part of their academic regalia at commencement. Blue cords indicate the honor of *magna cum laude* and white cords *cum laude*.

Academic honors for December 2020 candidates are based on academic standing as of October 15 and are pending final degree audit.

★ Cum Laude ❖ Magna Cum Laude ✱ Summa Cum Laude

This commencement program lists the names of those graduates and candidates who applied for graduation by the October 15 deadline.

Academic Degrees and Dress

History of Academic Degrees and Academic Dress

A DEGREE is awarded for successfully completing a course of study. U.S. colleges and universities now confer more than 1,600 types of academic degrees.

The first degree recorded in history was a doctorate conferred by the University of Bologna in the middle of the 12th century. Originally, the doctor's and master's degrees were used interchangeably, each indicating that the holder was qualified to give instruction to students. The bachelor's, or baccalaureate, degree indicated only entrance upon a course of study preparatory to a doctorate or mastership. Gradually, however, the bachelor's degree came to signify the successful completion of a level of advanced study preparatory to the higher degrees.

The associate degree originated at the University of Chicago, which began awarding it in 1900. Today's associate degree is typically awarded after two years of study and is often composed of coursework that may be applied toward a bachelor's degree.

In North America, the Bachelor of Arts (BA) was first conferred in 1642, on the nine young men who constituted the first graduating class of Harvard College. Yale conferred its first Bachelor of Arts in 1702; Princeton, in 1748; William and Mary, in 1753; Pennsylvania, in 1757; and Columbia, in 1758.

The Bachelor of Science (BS) was awarded to four graduates of Harvard's class of 1851; they were probably the first from any institution to receive that degree. Women in the United States first received baccalaureate degrees in 1841, when three women graduated from Oberlin College.

The master's degree has passed through various stages since its origin in the Middle Ages. During most of the first two centuries of U.S. collegiate history, the only master's degree awarded was the classic Master of Arts (MA). The University of Michigan offered the first Master of Science (MS) in 1858.

Throughout the 19th century, the Doctor of Philosophy (PhD) degree gained status in both Europe and North America. The first earned doctorates in the United States were awarded to three students at Yale in 1861. Johns Hopkins University was founded for graduate studies in 1876, after which more universities developed doctoral programs in varied disciplines but with requirements similar to the PhD.

THE GOWNS worn by participants in an academic procession indicate which academic degrees they hold. At the bachelor's level and above, the gown is usually black, but some universities use colored gowns. At UMGC, doctoral candidates wear red gowns; master's and bachelor's candidates wear black, and associate degree candidates wear the traditional gray gown.

The style of sleeve connotes the level of achievement: straight-bottomed sleeves indicate the associate and bachelor's degree; longer, dangling sleeves, the master's degree; and fuller, round sleeves the doctorate.

The gown worn by those who have earned a doctorate is faced with velvet and has three bars of the same material across the sleeves; the facing and bars can be black, blue, or a color matching the field in which the degree is earned.

Hoods are lined with the colors of the school granting the degree. The velvet border of the hood indicates the discipline. The hood for the doctorate has distinguishing panels and is longer than that for the master's degree. Hoods are not usually worn for the bachelor's or associate degrees at UMGC.

Bachelor's degree recipients who have earned honors for outstanding scholarship wear cords as part of their academic regalia—gold for *summa cum laude*, blue for *magna cum laude*, and white for *cum laude*. These honors are awarded to students at UMGC with a grade point average of 3.800 and higher.

The standard cap is the mortarboard, which is usually the same color as the gown. At UMGC, tassels worn by candidates for degrees below the doctoral level are worn on the right and are moved—with great fanfare—to the left at the end of the ceremony.

The regalia worn by the university president is uniquely designed for each institution. Presidential robes have four bars of velvet across the sleeves, generally piped in a contrasting color, and may have velvet panels down the front. The UMGC president's gown is red with black velvet facing and gold piping to represent the university's colors.

THE COLORS ASSOCIATED WITH THE ACADEMIC DISCIPLINES★

Agriculture	Maize	Law	Purple
Arts	White	Library Science	Lemon
Humanities	White	Medicine	Green
Letters	White	Music	Pink
Accountancy	Drab	Nursing	Apricot
Business	Drab	Oratory	Silver Gray
Commerce	Drab	Pharmacy	Olive Green
Dentistry	Lilac	Philosophy	Dark Blue
Economics	Copper	Physical Education	Sage Green
Education	Light Blue	Foreign Service	Peacock Blue
Engineering	Orange	Public Health	Salmon Pink
Architecture	Brown	Science	Golden Yellow
Fine Arts	Brown	Social Work	Citron
Forestry	Russet	Theology	Scarlet
Journalism	Crimson	Veterinary Science	Gray

UMGC Alma Mater

UMGC was established in 1947 specifically to serve the educational needs of adult students, many of them veterans returning from World War II. That commitment continued as UMGC first sent faculty overseas to teach active-duty military personnel in Europe in 1949 and in Asia in 1956. That mission guides us to this day.

Our Alma Mater, by faculty member Susan C. Malone, commemorates and celebrates UMGC's unique culture and mission.

The musical score is written on four staves in 4/4 time with a key signature of three flats (B-flat, E-flat, A-flat). The melody is simple and accessible, with lyrics written below the notes. The lyrics are: "We hon - or you and thank you for all that you have The time we spent to - geth - er at night or in the done. To help us on our jour - ney and make us all as one. So, day. In ma - ny diff - rent pla - ces, at home or far a - way. U - with this song of glo - ry let's say your name a - loud. U M G C, U nites us and then guides us. Now we're your pre - cious jewels U M G C, U M G C for - e - ver stan - ding proud! M G C the dear - est of all schools!"

We hon - or you and thank you for all that you have
The time we spent to - geth - er at night or in the
done. To help us on our jour - ney and make us all as one. So,
day. In ma - ny diff - rent pla - ces, at home or far a - way. U -
with this song of glo - ry let's say your name a - loud. U M G C, U
nites us and then guides us. Now we're your pre - cious jewels U M G C, U
M G C for - e - ver stan - ding proud!
M G C the dear - est of all schools!

Dear Members of the Class of 2020!

Congratulations on earning your degree and achieving a remarkable milestone that can be attributed to your dedication, strength, and perseverance. As you embark on the next phase of your life, know that you are one of more than 254,000 UMGC alumni worldwide.

Now it is my honor to personally welcome you to the University of Maryland Global Campus (UMGC) Alumni Association. Our UMGC Alumni Association represents a diverse group of working professionals who, like you, are actively contributing to our professions, our communities, and our nation.

Joining the UMGC Alumni Association allows you to continue your learning through professional development, networking opportunities, and more. Your lifetime membership is complimentary, and you will receive information about exciting webinars, activities, programs, benefits, and services. Follow us on LinkedIn, Facebook, and Twitter to receive timely updates on UMGC news and alumni initiatives. Please visit alumni.umgc.edu for more information.

Again, I congratulate and personally welcome you into the global UMGC Alumni Association. I hope you continue to use your energy and enthusiasm to make a greater impact on the UMGC alumni community.

Stay connected!

Sincerely,

Robert Alonso Jr. '08
President
UMGC Alumni Association
